AD/

1. This draft on "The Advisability of Restricting U.S. Statistics on the Importation of Strategic Materials" has been approved by INS for transmission to Inter-agency Work Group on Statistical Security. This is the job I took on 25X1A9a as a result of attending their last meeting.
2. [redacted] will call you Mon. for your approval prior to releasing this draft.
3. I would like to have taken a much stronger position but hedged since this represents an Agency view.
4. Suggest that this paper be sent to [redacted] with a cover letter under your sig. in reply to his of 22Jan.

25X1A9a

Mary W.
